

STAINLESS STEEL TURBO AIR STILL

Still Spirits is proud to launch a new revolution
in distillation equipment.

The Still Spirits Turbo Air Still is ideal for the
distillation of water, essential oils or alcohol
for making spirits and liqueurs. Its
revolutionary design is completely
non technical, making it incredibly
simple to operate.

If you can use a kitchen kettle
you can operate this still.

Finally... a still to take it's
place amongst everyday kitchen
appliances!
